Solid paints finishes may show cracks in structural joints, distressing, undulations, unevenness and other imperfections that are part of the design and finish of that particular case in its standard wood finish. These blemishes do not indicate faulty materials or poor workmanship, nor will they affect the structural integrity or durability of the piece. They are characteristics of the original wood finish you have chosen to finish over with our new solid paints and will not be considered a reason for return or replacement.

Some decorative items used in room settings are one-of-a-kind, and are not available for purchase.

Each piece of Drexel Heritage fine wood furniture is finished by hand and involves many steps. The result is a beautiful and unique piece. Wood has grain and color variations due to the growth pattern of each tree. Due to these variations and the process by which we hand finish each piece, finishes on individual pieces will not necessarily match. The finishes shown in this catalog have been reproduced as accurately as possible. For the truest representation, please see your authorized Drexel Heritage retailer.
